

evarom

ABOUT US

EVAROM Food Additives, established in 1998, is one of the leading institutions in the industry with its successful past and moving forward with a vision of becoming a regional leader in the field. EVAROM continues to grow consistent with its product range that focuses on vitamins, minerals, functional food components, antioxidants and colorants. Our company besides its current service areas, also serves with new project products in order to meet the varying demands of the customers and increases its investments on food additives.

EVAROM owes its successes to an institutional approach, which is customer-need oriented and strives to present flexible solutions. EVAROM, aims to raise its brand value not only in Turkey but also on an international scale. With our corporate identity that bases on customer satisfaction and trust, we carry on our actions with a result-oriented understanding in order to adapt global developments and fulfill our customers' demands.

Your requests are our priority.

WHAT WE DO?

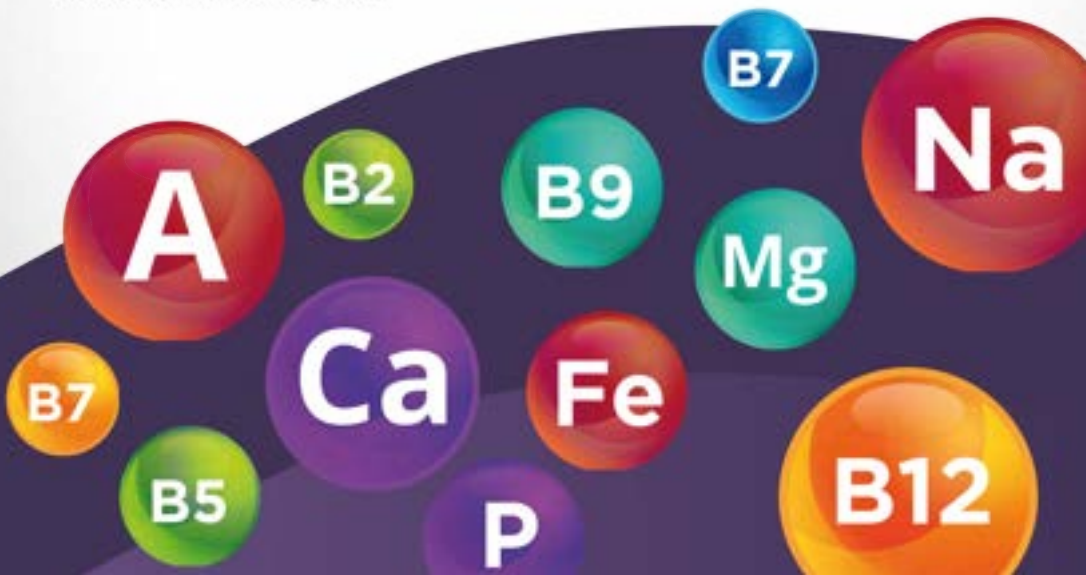

Our main aim is to fortify foods. For this purpose we blend ingredients in our premix facility. The ingredients that we use are:

- Vitamins
- Minerals
- Antioxidants
- Colorants
- Functional Ingredients
